

Grantee Partners

Pride Foundation provides critical funding to the groups and organizations that are working to support LGBTQ+ people in communities across the Northwest. Our grantee partners are transforming the landscape of the Northwest to be more inclusive and fully supportive of LGBTQ+ people and communities. It is our honor to support their vital work.

"The generosity of The Pride Foundation's trust-based philanthropic support has enabled us to continue living our truths and thrive, not just survive. Your support means we kept QTBIPOC sex workers safe, housed and provided life-saving medical insurance. We connected QTBIPOC youths with supplies, financial self-efficacy and the support to connect to resources and feel seen and heard. We are honored to have you as an active community collaborator."

—CIDMA (Chinatown International District Mutual Aid)
